

Equity Statement

Council for the Homeless is committed to creating an equitable organization that is inclusive and representative of the communities we serve. As community leaders and advocates with a mission to end homelessness in our community, we must continually pay attention to the historical and persistent systemic racism and oppression that have shaped housing services throughout our country's and community's history. By providing community leadership, compelling advocacy, and practical solutions in an anti-racist and anti-oppressive way, we will work to create a more equitable path to ending homelessness.
